

NOTES:

-THIS PLAN IS PRELIMINARY AND UTILIZES AERIAL PHOTOGRAPHY AS A BASE MAP. A GROUND SURVEY WILL BE REQUIRED TO DEVELOP A FINAL LAYOUT AND TO DETERMINE ACTUAL QUANTITY OF PARKING SPACES. FINAL LAYOUT WILL ALSO BE DEFINED BASED ON NEGOTIATIONS WITH AFFECTED PROPERTY OWNERS.

-PROPERTY LINES ARE APPROXIMATE AND BASED ON AVAILABLE GIS MAPPING. PROPERTY BOUNDARIES AND OWNERSHIP WILL NEED TO BE DETERMINED BASED ON FINAL GROUND SURVEY.

-PRIVATE PROPERTY CAN BE PART OF THE PUBLIC SHARED PARKING THROUGH MECHANISM OF AN EASEMENT WHICH ALSO PROVIDES FOR RESERVED SPACES FOR A GIVEN OWNER/BUSINESS.
